EUROPEAN MAT NEWS
by Jim Craig

Latest news is that Albert Wall, the husky ex-miner from Doncaster recently won the British Heavyweight title from Billy Joyce at Nottingham, the home of the legendry Robin Hood. Albert is a forceful, aggresive type of wrestler, rough but quite clean in his methods until aroused. Then he becomes a one man riot squad.

Peerless George Kidd and his most persistent challenger, Jim Breaks finally met in Leeds recently, with Kidd's World Lightweight belt at stake. Kidd, who had all the best of the exchanges, was finally forced to retire incapacitated by a blow in the groin. The official verdict was a no contest, which you Amricans fans may find it hard to understand. But please don't ask me to explain, because I am as mystified as you must be.

In the recent annual International tournement held outdoors at the Heumarket in Vienna, Georg Blemenschutz and Jacob Grobbe contested the final. The former, a veteran mat star, is unknown in America, but Grobbe is the real name of a matman very well knwon to fans in the States; he is none other than Dutch Zorra. When

When you scan the current British and Continental results, perhaps you will note a Karl Von Kramer frequently in action. In order to avoid misunderstanding, it must be emphasised that there are two wrestlers using this name. And in both cases they are only assumbed. The original is the one who does most of his work in France with an occasioanl visit to England. He is a Swiss called Phillipe Devaud; the other edition, who confines all his mat chores to Britain, is the Englishman, Jack Land.

The coloured American, who billed in Europe as Harllem Jim Brown, is as far as I know, from Georgia. A former sergeant in the army air force, Jim has done a bit of amateur wrestling and weight lifting back in the States, turned pro matman after a stint in Germany. Now he is one of the top names better known in France, Germany and occasionally Britain. Another American who is much better known in Europe than he is back home, is Black Eddy Williams from New Orleans. Together, he and Jim Brown are quite a formidable tag combination in Continental rings.

We would like to take this opportunity to thank the writer of this news, Jim Craig. His work will be a regular part of MATMANIA is the future. With his aid, we will all learn a little about this old world of wrestling. They have many, many fine men in Europe, and it behooves us to learn all in our power about them. Thank you, Jim. We luvs ya.

A DESTINED CHAMPION - BOBBY SHANE

by Diane Devine

As a 12-year-old, Bobby was an avid wrestling fan with an interest in wrestling far beyond most of us; he wanted to become a professional wrestler. This he intended to accomplish by taking his wish from the dream world.

S...he started pestering the wrestlers around the gyms to show him holds. He became good friends with many of the big names in St. Louis. Everyone was eager to help the enthusiatic youngster, for they saw a great star in the future in Shane, who is of German descent (his grandparents were born in the old country).

Then Bill Longson and Joe Millich decided to take Bobby under their wings and began showing him various holds along with strenuous exercises. Bobby Bruns was also a great help in preparing Bobby for his career, as was N.W.A. President, Sam Muchnick.

Bobby was unbeaten as a high school wrestler and at the Downtown YMCA where he regularly drilled. He limbers up with the weights six times a week and is building up a magnificent physique.

After graduating from Southwest High School in June 1963, he went to Louisiana to wrestle and was quite successful. But when summer ended he returned to St. Louis and entered Kirkwood Junior College.

He went on to wrestle in the St. Louis area while attending college, but his love for the ring grew stronger. He decided to leave the school books and went out to the Northwest to begin his full-time mat career. He hasn't regretted it either.

This young man has certainly been on the road during the last two years. For a twenty-year-old he has seen much of the country already. He has appeared in Oregon, Washington, Tennessee, Kentucky, Alabama, Virginia, West Virginia, Louisiana, Nebrask, Iowa, Kansas, Missouri, Oklahoma, Arkansas, Texas, and Florida. He also wrestled in Canada and this past summer (1965) was spent in sunny Mexico; one evening there he wrestled before 16,00 screaming fans.

The handsome blond with brown eyes is fast becoming the rage of the teenage set to grandparents. Standing 5-10½ and weighing 128 pounds the old pros soon realize they aren't facing an ordinary "green horn". For Shane is a mighty speedy and wise wrestler with movements not witnessed before by this writer. He definitely knows his wrestling holds and has added a few sensational touches of his own. He executes a beautiful drop kick but his favourite manouver to win a fall is the Japanese sleeper, which he learned from the great Sonny Myers. Also he has developed a new figure 4 leg-lock, the most devestating grape-vine leg hold ever.

Bobby has already met some of the roughest men in the business today and is adding name after name to a grwing list of victories. An array of wrestlers include: Tom Clark, The Outlaw, Bob Brown, Greg Peterson, Herb Larson, Joe Tomasso, Gene Anderson, Mark Starr, Bob Geigel, Chris Madison, Jose Quintero, Ray Duran, Don Soto, Victor Rivera, and Chris Bolkas. Impressive victories include Dandy Jack Donovan, Larry Hamilton, Lu "The Mongul" Kim, Tom Bradley, Treachorous Phillips, Joe McCarthy Heroulos Graham, Jerry Miller, The Viking, Pete Martinez, Oki Shikuna, and The Stomper. He won the U.S. title at Waterloo, Iowa from the Stomper last December and is presently one of the hottest attractions in that state. Another big match was the night he held Angelo Savoldi, then world's junior heavyweight champion, to an hour draw in Ft. Smith, Arkansas.

Sam Muchnick states that Bobby "will be another Lou Thesz". Remember the name BOBBY SHANE. He hopes to follow in the footsteps of another St. Louisan who recently lost the world title - Lou Thesz * and if what he is showing in the ring today is any indication of things to come....well, this terrific young star is destined to the championship.

NOTE Bobby Shane helped with and g ve me permission to use this article. He is a fine young man ansd shows interest in all fans. Look for a story in the April issue of WRESTLING REVUE on this boy.

We would like to thank Diane Devine for the above article. Diane is one of our strongest and most loyal supporters, and we would be completely lost without her. Thank you, Diane.

The following news is from the Ozarks. The witer is Opal Mae Ronspiez.

It seems as though the Assassins MAY have finally had to reveal their identity not because some availing opponent beat them with two straight falls for which they agree to take off their amsks nor have the Kentuckians, Big Tiny Smith and Luke Brown been able to remove the masks of the hooded pair. The remarkable part of the story is that the credit for the identity od the masked pair may go to a lady at the wheel of her car which rammed the back of a car aarrying two professionsl wrestlers en route from Tulsa, Oklahoma to Wichita Falls, Texas to appear in a match at 8 P.M. Thursday February 24th. Traffic Officer Jerry Butler acquired the names of Thomas A. Renisto and Joseph Hamilton. Both Hamiltion and Renesto were wearing soat belts but the impact was so great it tore the seat from its runner throwing them against the dash of their car.

We have had no wrestlers by the name of Hamilton and Renesto wrestling throughout the circuit, but we have had a masked pair keeping their identity a secret calling themselves The Assassians. So I put two unknown names to this area and two hooded wrestlers and I came out with the Assassians. What do you think? Am I right in assuming they are The Assassins?

****

Joseph Hamilton is long been known as one of the Assassins. Originally Jim Burke was the second. Later still in Australia, it was Hamilton and Tony Martin. Now Hamilton and Renesto? Joe Hamilton, by the way, is the berther of Larry Hamilton who is soooo very popular down in Florida now.

On 11 February 1966 at Oklahoma City Lorenzo Parente lost the Junir Heavyweight title to Joe McCarthy. Parente won the first fall of the evening, then lost the next two to McCarthy. Parente held the title less than one month. He won the title on 14 January, losing it on 11 February. Is three weeks a record of some sort?

Our congratualtions to the new Junior Heavyweight title. McCarthy is an excellent wrestler, and he should hold the title for a long, long time.

****

At least longer than did Parente.

McCarthy's Junior Heavyweight title is in trouble. Hodge, Matsuda and Clancy are all ex-title holders. Any of the three could possibly beat Joe for the title. And you can not disregard several others. Parente, Torres, Kirk, Blanco, and Tiny Smith all have what it takes to win the title. Should be fun for ole McCarthy.

*****

On 14 January 1966, Danny Hodge lost his Junior Heavyweight title to Lorenzo Parente. Danny collapsed in the ring, unable to continue. The title change caused a great deal of dissension in various parts of the world. To clear up this matter, various officers of MATMANIA wrote to interested parties, trying to get the full answers to this problem. Here, then, are the answers found.

The first is excerpts of a letter from Charles Wolston, the sports editor of the Wichita Falls Times and Wichita Falls Record News.

Our paper published only a few paragraphs on the incident since it was of a minor nature.

As I understand it, Hodge and Mike Clancy, along with Bob Clay, had been on a radio "call and answer" show from 10:30 until midnight on KWFT 620. Gott, Clancy and Hodge left in one car and Clay another.

On the Sheppard Access Road (a 4-lane divided highway) they were in a collision with a Dodge demonstrator, which was driven by a salesman. As I understand it, the car salesman was traveling up the wrong side of the one-way highway and sideswiped the car driven by Gott.

Clancy and Hodge were taken to the W-F hospital. Clancy was treated for minor cuts and scrapes, checked and released. Hodge was admitted and listed that night as in "fair" condition.

He was released the next day (Friday), returned to Oklahoma City and wrestled Lorenzo Parente in a title match; which he lost. Collapsing in the ring unable to finish the match.

Clancy, I am told, took a full week off from his schedule to rest and has wrestled here since the accident.

The car which struck Gott's vehicle was driven by a man known as Curtis Nolan and he was arrested (after being held by Clancy until the police arrived) and charged with driving while intoxicated.

Although I do not know for sure, our police reporter tells me he has been arrested and tried before for DWI previously and he could land in prison because of the accident.

****

There had been some doubts as to the seriousness of the accident. This defentitely changes any possibility of there not being an accident. Also the seriousness of same.

I wonder if we sh uld list Clancy's match with Nolan?

****

The original article published by the paper in Oklahoma City states that when Hodge was unable to continue, a member of thw National Wrestling Alliance was at ring side and awarded the match and the title to Parente.

Tom Burke sent a copy of the article to the president of the NWA. His reply was "it is news to me". It is difficult to tell exactly what that statement might mean, but an educated guess whould be that the statement disbeleives the original fact that any officer of the NWA was at ringside. This is only a guess, and not necessarily the truth. It leaves a little up in the air, but the fact remains that Hodge no longer has the NWA Junior Heavyweight title.

We would like to thank Diane Devine, Opal Mae Ronspies and Tom Burke for doing the roadwork on all of the above. Three great people, and all officers and staff writers on MATMANIA. We luvs ya all.

****

In an earlier issue of MATMANIA we included an article concerning promoter LeRoy McGuirk. This article was not complementary. We wish to apologize for this article and for the general feeling which caused said article.

The proceeding list was supplied to us by Miss Linda Scott of Australia. Linda has been supplying us with the majority of our news from that area, and we would like to thank her once again for the aid and assistance given us. We would indeed be lost without her. We luvs ya, Linda.

In addition to the help given MATMANIA, Linda is the vice president of the Eddie Swan fan club. If interested in this fine young wrestler and his fan club, drop your Uncle Burt a line, and I will give you Linda's addresss. From what I hear, he is a great one.

THE MAT SCENE FROM DOWN UNDER

by Linda Scott

For the past twelve months, wrestling has been booming in Australia, thanks to the fine promotion of Jim Barnett and John Doyle.

We have seen some of the greatest mat-men in the world. Men like Karl Gotch, Domenic De Nucci, Pepper Gomez, Ron Reed, Red Bastien, Dick Steinborn, Luther Lindsey, Mark Lewin, Tex McKenzie, and the Fabulous Kangaroo, Roy Heffernan, are just a few we have seen.

We have also seen such "villians" as the cruel Skull Murphy, Bulldog Brower, Bob "Bruiser" Baker, Killer Kowalski, Art Neilson (who is being billed as NEILSON), Mitsu Arakawa, Ray Stevens, Mike Paidousis, Curtis Iaukea, The Alaskan, and Buddy Austin.

The title of "champion" has changed hands many times during the last year. It was held the longest by that great Greek wrestler, Spiros Arion. He defeated Killer Kowalski on 31 July 1965 to win it. He wrestled and defeated all comers many times, thus retaining thettitle. Arion's last fight was on 11 December 1965 where he beat Skull Murphy to retain it once again.

The most popular champion has been Domenic De Nucci, who also held the title for a considerable lenght of time.

Killer Kowalski has returned once more, and, after winning the title in Hawaii, is now the new "champion" here.

Other wrestlers who have returned for a second trip to Down Under are Dom De Nucci and Dick Steinborn. Also staying is Roy Heffernan.

New wrestlers that have made the trip "down under" are Waldo Von Erich, the great Pepper Gomez, Art Neilson, Luther Lindsey, and Pampero Firpo. Our promoters have promised us better wrestlers during '66 than we sawin '65. If we see better mat-men than Karl Gotch, Ron Reed, Red Bastien, Pepper Gomez etc, then they must really be great.

We have also seen many great bouts during the past year. We had an International "Illimination" Tournament, which was won by Red Bastien. Then we saw some really bloody and gory matches, where Skull Murphy had a royal time splitting the heads of Red Bastein, Spiros Arion, and Mark Lewin (who ended up wearing a boxer's head-guard, and defeating Murphy). Seeing that these three were the favourites, you can imagine how much everyone loved Skull Murphy.

Current feuds are between Dick Steinborn and Art Neilson, and Dom De Nucci and Killer Kowalski. It is easy to see that there is no love lost between these men.

As you can see, the well deserving wrestling fans are getting their money's worth by seeing some of the top mat-men in the wrestling world.

The mat scene "down under" has never been better.

I am begging to wonder how we managed to get by without Linda Scott. She is an excellent writer, and informed fan, and a delight to have on our side. We luve ya more and more every day, Linda. Keep em rolling.

With her help, we all are learning more about the game from the angle of the Australin fan. And it is about time that Uncle Burt learns SOMETHING.

Our thanks to those people who have been sending us their results from these areas. Most especially, I would like to thank Tommy Gauchi-Maistre who sent me the tons of results from Sydney and Willowsby. It is only thru the efforts of each and every member that we can hope to collect all the results.

Another special thankx goes to Linda Scott. She works long and hard, collecting and sending information from Australia. In addition, Linda is an officer in the Eddie Swan fan club. For details, write to Linda at 42 Shorts Rd. Merlynston, Melbourne, Victoria, Australia.

This is always the most trouble; when I have two or three lines to try to fill sensibly. Any ideas? For those in the old results club, I received recently a ton or more old results from Germany. If interested in these results, let me know, and I will get copies to you. Thank you.

DON CHUY: GRIDDER-GRAPPLER

Don Chuy has his old room back in the Clemson fieldhouse. And a couple of weeks ago, his former coach Frank Howard came out to see him do his number.

Only difference is, his stage and act aren't the same as he knew as a Tiger. Chuy still plays football - and very well for the professional Los Angeles Rams - but his current adventure is professional wrestling.

He does this well, too.

With teammate Roman Gabriel in the audience, Chuy pranced into the ring at Dorton Arena Tuesday night with RAMS emblazed on his jacket and made short work of Mike Paidousis.

Later, he came back as a sub for George Scott and subsidized Sandy Scott over the villainous German combo of Kurt and Henry Von Stroheim.

Perspiring heavily but breathing normally, the former All-Atlantic Coast Conference tackle slipped out of his ring togs, joked with Gabriel, and intermittently commented on his new image of gridder-grappler.

"I like this wrestling," he said. "It's good for my football agility and quickness and you can make a little money at it."

Chuy looks durable in the ring and invincible out of it. At 6-1, 255 pounds, he is put together like a boulder, with muscular little rocks piled on bigger ones.

"I'm in much better shape now than when I was at Clemson," he remarked. " I was 265 in college but all of it wasn't solid. Maturity has helped my conditioning ~~xit~~ and I still work with weights three times a week."

He pulled a pair of hand-grips out of his traveling bag and mashed them shut.

HE CRIES ALL WAY TO BANK.

Chuy just completed his third year with the Rams as an offensive gurad. Drafted fifth, Los Angeles used him as a shuttle guard the first two seasons. Last year, the shuttle system was discarded and Chuy started every game.

He is held in esteem by opposing NFL players and coaches. Gabriel says Chuy is "one of the strongest men I ever saw. He has done a good job with the Rams."

Don was a two-way tackle at Clemson but druthers what he's doing now. "I don't think I'd like to change, even though the defensive linemen are most publicized," he said.

" I realize offensive linemen are the unglamorous men of pro football but we have our own measures of achievement...a good block, protecting the quarterback.

"We don't get our names in the paper as much as the defensive people and I cry all the way to the bank."

As an offensive guard, Chuy faces what has to be the most unenviable chore in the game: battling those big, mean defensive tackles.

"There are two types," he noted. "The giants like Roger Brown, at 6-5, 300 pounds, who just try to bowl you over. And the quick, smart Henry Jordan type, who try to out-think and out-maneauver you. I study films of all of them the year around, and got their styles down pat.

"As far as preference, I'll take the Roger Brown type any day. I only have to contain my man three-to-four seconds. Then, he can beat me all he wants to."

A TEAM WITH JOE CAROLLO

Chuy works along side of tackle Joe Carollo, former Notre Dame star, in the Ram offense. "Joe wears jersy number 63 and I wear 62. We work very closely together in football and we hit on the idea of trying wrestling as a team."

They approached a Los Angeles promoter who leaped at the prospect of putting a air of current NFL stars in the lighted square.

Chuy and Carollo went to matschool. "That's right," said Chuy. "We had to work two and a half months with Matt Murphy, ex-wrestler, before we were ready to go into the ring."

Chuy and his partner worked the California-Texas circuit last year. Don arrived in the Carolinas before Christmas, set up his headquarters at Clemson, and will tour

this area this summer. Carollo is expected to join him soon.

Someone kidded Don that his name was too simple for the grunt 'n groan stuff. "You need something like Dangerous Don Chuy, or The Battering Ram," said the guy.

"We can't," replied Chuy. "There's a clause in our contract with Los Angeles that players can't do anything damaging to the reputations of the Rams."

The sobriquets ~~wouldn't~~ wouldn't be new anyhow. Opponents have probably called him worse names than that.

Naturally, I goofed on the city in which this article originally appeared. I imagine it is either Raleigh or in that area. Please forgive.

A little background music, please, Maestro. In past history, there have been various groups promotingmatches throughout the South. To give some basis of names for each, we will call them by the name of the home office or largest city. Thus, there has been groups in Mobile, Atlanta, Memphis, Nashville, Raleigh, Roanoke, and Tampa. Also a smaller one in Louisiana. Wohn Luttrell and Murdock had a promotional war in Jacksonville, Luttrell, whoes main city had been Mobile, called upon the Atlanta office for assistance. They went into Jacksonville and had matches. This war lasted only a short time, and they are now jointly promoting. This "war" was in December and lasted a very short time. Above, in Savannah, there are several facts to be found concerning this "war". Savannah is Atlanta territory. Of the men on that card, Hamilton and Carreon have been Tampa men, the others either Mobile men or Atlanta men. On the Mobille card just above, there are men from both the Tampa and Atlanta office as well as the Mobile office. Thus it is that this promotional war in December has done several things: first, it joined Murdock and Luttrell in Jacksonville. Second, it joined them in virtually every other city in which either has promoted in the past. Thirdly, it joined each and every major body in that immediate area. Thus it is that men now appear in a wider variety of cities and the fans see a wider variety of men. Lets have more such promotional wars.

As usual, the South has more wrestling than any other area of the country. Even with this listing, I doubt if we [illegible] per cent of all the matches that occured in this area. We hearity congratulate the promoters for the fine job that they do in this area, and we wish our heart felt thanks to them for their work.

Several new faces have moved into the Soth. Or new faces to a particular area. Men like Jack Posok and Joe Christie have moved into the area. Men like Omar Atlas Buddy Fuller, Hiro Matsuda, and others have moved from one area to another. This will keep the turnstiles clicking in that area. Add two other new faces in Tarzan Tylor and Cyclone Soto. Both will be welcome additions to that area.

****

Any idea if the Rip Tylor mentioned here is Tim Tylor, younger brother of the Tarzan?

I wondor how Klondiko Bill manages to be so popular down South?

IMPORTANT IMPORTANT IMPORTANT IMPORTANT IMPORTANT IMPERTANT

We received a letter from one of the major promoters in this day and age. In this letter was a statement that "the reason most promoters do not like fan clubs is due to their including results of matches".

Due to this letter, our officers would like to hear from you, the members, on this. Do you want results included in the bulletin or not?

If you are in favor of results, including all the results from throughout the world of wrestling, let us know. Send you letters both to the officer in charge of collecting the results for your area, and to me, Uncle Burt.

Alternative plans to results would be: 1, include just results from outside the United States. 2, no results at all. 3, include just those results dealing with a particular person such as life histories.

This is very important. Let us know your views on this subject as soon as possible.

****

Speaking just for myself, not as an officer of MATMANIA, but rather as a member of the club, and a wrestling fan, I want results to stay in. There are many reasons for this. First and foremost, it is only thru results that a complete picture of wrestlingbehad. Only thru results can a person keep track of the movements of the wrestlers involved.

The main reason why a promoter does not want to see results printed is rather obvious: the same match may take place two or three times a week in various cities. Thus, the they can not advertise that match as "First Time". I will not dwell at any length on this subject, as it is a foregone conclusion that I do not agree with this thinking. "They have wrestled 14 times in the past month and a half, and there is still not a definite winner. Come and see this Gigantic Battle for yourself". Thus, if results were included both in the local cities and a nationwide basis, it would help stimulate wrestling.

An alternative plan to wrestling results, would be to include each cities results under just that city. In other words, all those matches taking place in Baltimroe would be listed only under Baltimore. Again, this defeats the purpose of this fan club, and any other with a world wide scope. Any time we limit ourselves, we defeat our purpose. This purpose, as mentioned time and time again, is to make the world of wrestling a single body, rather than treating each and every city as a small world unto itself.

The last that I have on the subject of results is this: a promoter asks us not to include them for the sole purpose that it does him and the other promoters harm at the box office. I do not see the reasoning behind this, but he still believes it to be true. On his behalf, we are to dis-continue them. I say "no", and I say it emphatically. A fan club if for the fans and the members. If we want the results of the matches, we will include them. If the members do not want them, we will not include them. But this matter is a matter for the members of MATMANIA to decide. I do not like to be in a position that some man says " Fetch the bone, doggie. Roll over doggie."

Again, this is just my personal opinion. Let us know how you feel on this. Let both myself know as well as the officer in charge of collecting the results in your area. We thank you.

WRESTLING REVUE

545 Fifth Ave.

New York, N.Y. 10017

This is the last page of this special bulletin. With this issue, we are starting a new process; the monthly bulletin will be out on the last day of the month rather than tthe first as in times past. This action is caused by various things: first, the illness that caused the original delay. Second, to ensure the members ffom onlu having missed the March bulletin. Thrid, because last night when I made the cover, I goofed up and put April instead of May. Thus it is that this is the April issue, and the May will be out at the end of May. Okay, everyone?

I wish to apologize for ththo dificultios that I have had on getting the bulletins out the past two months. As I have told several of you, I did not get sick on purpose. I am back on the right path now, and will have no further troubles.

In the May issue of MATMANIA, we will have a full list of all the men, by weight, currently appearing in England. In addition, we will have tons of results from there. Also in the May issue will be a record of match's held in and around the East Coast since 1962. This record will not be complete, but several members have asked to see said record, and this is it. The June issue will include the life histroy of Johnny Valentine. Other life historys in the near future will include Pat O'Connor in September, Buddy Rogers in December, Bobby Orton in March, Bill Miller in June and Freddie Blassie in September of 67. As noted from the various records done thus far, we need help and lots of it. We need old results from everywhere. Please, if you can help us do research this summer, let me know and ....Work, all.

There is a page in this bulletin that includes a message concerning new members This page is blank on the back side, thus can be either thrown away, or used for some special purpose. Such special purposes could include wrapping dead fish, lining trash cans, or sending to your friends and pen pals and trying to get them to join MATMANIA. As a special incentive to do the latter, include your name and address on the back, and if a person joins the club due to your message, you will get an extra free month on your dues absolutely free. Uncle Durt IS big-hearted.

There is a special feature in a recent issue of WRESTLING REVUE. There is a picture of two of the nicest, most intelligent people connected with wrestling. It is a picture of Uncle Bill Fleek and Uncle Durt. Trumpets, please. You can all use the picture of me for anything your little ole heart desires.

On one of the special pages, there is a ballot fortheHall of Fame. Send this in to Wrestling Revue so that your ideas on the Hall will be included in the voting. We will have additional news on the Hall of Fame as time goes on.

Once again, a spocail plea for old results. I need 'em.

With this issue, we are starting another new process. I learned how to type a few weeks ago. Does it just SHOW?

For those interested in old results, we have a club devoted to just these old results. Dues are 1.50 a year, and members receive all the old results that we can get. Contact Uncle Durt for further details.

On 27 March in Tulsa Oklahoma, Tod Naifeh, a referee and wrestler died of a heart attack in his home. He was only 35 years old. He was well known both in the Ozark area and in the Heart of America area.

Some time in the immediate futre, I do not know when, we will re-do the life history of Lou Thesz. We have 25 pages of his record. This will be of interest to all mat fans, the world over. There is little doubt that he is the CLASS of the wrestling world.

At this time, we would like to welcome the new members into our midst. Welcome to the Happy Farm to John Dougherty of Omaha, Sue Goshorn of Missouri, Doug Hansen of California, Tom Rodd of New Zealand, Shoji Shiojima of Japan, Gerhard Schaefer of Germany and Jean Holder of Florida. We sincerely hope that you will enjoy your stay with our club.

As long as I have theroom, I will make one more special plea. I need results and tons of them. I need all the reults, both old and now that I can lay my hands on. I especially need results in the 30s, 40s, and fiftys. I do not have too much trouble on collecting results from the 60s, but even then, several years, notably 60, 61, 62 and parts of 64 are thin. In short, I need results from all over at any time, from everywhere any year. Anything. Ever. All. As they say in Mexico whenever the lawn gets too high " Much Grass".

Didn't I tell ya about my improved ty ing?

And now we come to a special feature of MATMANIA. The last page. In this last page, we always take this opportunity to thank those people who have helped us with this special bulletin. To our offisers and staff writers, we would like to again publicly thank for their continued aid and support of the club and wrestling in general. We would lik e to welcome David Alexander to this group. He will be in charge of the Detroit, Michigan, Ohio areas, areas of results. Another special thanks goes to those people who, on little prior warning, helped with the life report of Don Eagle.

Other special thanks goes to Jim Craig, Ray Plunkett and Gerhard Schaeffer for their help on keeping us posted on happenings in England and Europe. We'd be lost without you, boys.

And now a special word that I have deliberately left until the last page. Uncle Burt has been offered a good job managing an apartment building in the East Coast. I will be leaving here about the 5th or so of May and will be journing to New York City, where I will take up residence. My new address will be P.O. Box 116. Cherry Grove, Fire Island, New York. Many of you will have this address even before I leave here. Begin sending the letters, results, and other news directly to the new address, and I will receive it when I arrive.

This trip to New York will eventually allow me to meet many of the members and officers in that portion of the world. I'll even be able to meet Uncle Lew Eskin of Wrestling Revue, which will be one of my first stops when settled. Be watching Uncle Lew for a guy with a big cigar and a cowboy shirt.

This, then, ends, the April issue. I am dreadfully sorry for the dealys caused by my illness. This proves something that has been under doubt for some time: Uncle Burt is human after all. I will do all in my power to ensure this never happening again.

And now onward and upward, wrestling and MATMANIA.
